

Bellagio Water Fountains in Las Vegas – Musical Elegance

The Bellagio Hotel in Las Vegas is one of the most luxurious hotels that exists in the city. If you can't afford to stay there, you can always watch their beautiful music fountain shows that are displayed on an eight acre lake that is located in front of the hotel.

The movements of the water respond to the Bellagio Fountain music which varies, causing it to have slow movements and then rapid ones when the music grows more intense. Inspired by the Bellagio Resort in Lake Como Italy, the choreographed water is certainly a sight to see!

This video shows some of the music show and after watching it, it becomes quite clear that this is one of the many reasons why Las Vegas should be the next vacation trip you plan.
