

Gold and Diamond Adorned Galaxy S7 Edge Smartphone by Legend

Legend has introduced their latest bespoke product – Gold and diamond adorned **Galaxy S7 Edge smartphone**. The company is based in Helsinki Finland and specializing in creating incredible, custom smartphones

Their latest release is a Galaxy S7 Edge smartphone that is blinged out in 24k gold and stunning diamonds. Legend's focus is on taking the best in today's technology consumer products and turning them into bespoke products.

Their luxurious, Galaxy S7 Edge smartphone now becomes the first Galaxy mobile phone that is decorated with VVS1 grade diamonds, plus a 24k gold plated back.

Most of us want to make our smartphones unique and stand out in a crowd. Who doesn't like bragging rights about what phone they own and what protective case they use? The new product release unveiled from [Legend](#) is definitely a show stopper.

What we like about the new Galaxy is how Legend created an embellishment using the well known Samsung logo, along with a diamond halo and enamel filling. This unique feature gives the Samsung Galaxy device both a distinctive and luxury looking appearance.

What if you want to add a unique touch to your phone? No worries. Legend will make each custom smartphone to the client's own specifications. The Galaxy S7 Edge has several custom packages available to give it the perfect look. For example, choose from laser or hand engraving, adding a custom logo, or your gemstone placement on the Galaxy smartphone.

In addition to 24k Gold the Galaxy S7 case can also be made in Platinum. If you are a fan of leather, you're in luck. Legend also offers several exotic leather editions. Take your pick from CITES certified shark, crocodile, lizard, stingray or ostrich options.

By working closely with your Legend bespoke designer, you can make your purchase the ultimate swag belonging. Impress your friends and family with your own or purchase one for that special person in your life. It makes the perfect birthday, graduation, anniversary or business gift.

The custom Galaxy S7 Edge Smartphone is carefully packaged in a luxury presentation box. Included is an impressive leather folder that holds the phone's certificate of authenticity.

Pricing for the bespoke Samsung Galaxy S7 is 2350 euros for the gold or platinum option. The exotic leather option is priced at 2390 euros. Both prices include worldwide express shipping.
