

# New Private Members Club in London from Remy Martin

Remy Martin has announced they plan to open their first members club – La Maison Remy Martin. The club will be ideal for cognac lovers but will only be open between November 25 and December 6, 2014 in London, England.

The new club will consist of two bars serving Remy Martin cognacs and offer creative workshops plus the chance to meet talented craftsmen of London.

The La Maison Rémy Martin concept will be a first for any cognac brand but access is extremely limited. The cognac club will only be accessible for members only and personally invited by Remy Martin. For the public, if you want a chance to attend, there will be a competition where 100 lucky people can win the chance to become a member of La Maison Remy Martin.

Located in the SoHo area of London, La Maison Remy Martin can be found at 19 Greek Street and will cover all four floors of the building. On the first floor, members can experience the VSOP Bar & Lounge and enjoy the work of five talented mixologists from London. These are five of the very best and include Erik Lorincz from The American Bar at The Savoy, Alex Kratena from the Artesian and Agostino Perrone from The Connaught Bar. They will develop an inspiring cocktail menu specifically designed for La Maison Rémy Martin.

The club's second floor will host the "Cognathèque", which is a retail space that features a gorgeous seating area. Members can sample and buy Rémy Martin cognacs that are currently sold around the world. Also enjoy a Rémy Martin cognac masterclass to be hosted by the International Brand Ambassadors of the house.

The third floor will host “L’Atelier Rémy Martin” which is an exclusive space where Remy Martin will collaborate with selected lifestyle brands to offer creative workshops. You can also view selected pieces of Remy Martin’s latest Futur Heritage project in partnership with ECAL,

On the fourth floor of the La Maison Remy Martin club is the Remy Martin X0 lounge. The bar provides an opportunity to try Remy Martin X0 serves.
