

Proscenium Black Diamond III Turntable from Walker Audio

Proscenium Black Diamond III Turntable – Walker Audio

If you are in the market for one of the finest audio products anywhere, then consider the new Proscenium Black Diamond III turntable Walker Audio.

Walker Audio is one of the world's leading manufacturers of high-end audio products and just released the latest version of their Proscenium Black Diamond turntable and the company has earned more than 80 industry awards for its audio and video components and accessories.

The Proscenium Black Diamond III turntable offers music lovers unprecedented sound quality. This next generation of elite turntables from Walker Audio features a modified suspension system that significantly improves the audio quality by adding a separate, isolated air supply that uses lower air pressure in the suspension chambers.

Lloyd Walker, President and Founder of Walker Audio was

quoted, "We actually had no intention of upgrading or changing the Proscenium Black Diamond II turntable. That unit is already considered one of the best in the world and we thought we had achieved the pinnacle of analog playback possibilities. We were wrong. The changes to the air pressure and the new coupling material result in a musical presentation that is truly phenomenal."

Proscenium Black Diamond III Turntable – Walker Audio

The tireless effort by Walker Audio engineering has resulted in masterpiece known as the Proscenium Black Diamond III, which utilizes the perfect pressure for isolation, rigidity and resonance control. And the changes still achieve their original intention of extending the life of the air chamber pods indefinitely.

The retail price for new Proscenium Black Diamond III turntables is \$90,000.
