

# Stunning Comtesse Lady Watch Collection From Alpina

Back in 1963, luxury watch brand Alpina first introduced the Comtesse lady watch collection with automatic movements. Rich in tradition and offering fine lady watches since the 1920's, Alpina is bringing back the Comtesse Lady watch line.

Offering both elegance and sportiness, the new Alpina Comtesse watch line for women embodies chic style. Its characteristics include luxury, Swissness, simplicity and unique character.

The Comtesse women's watch features a 3 links bracelet blend along with a mother of pearl dial that is beautifully adorned with diamonds or drop shaped indexes. The lady's luxury watch comes with a rounded, polished stainless steel bezel with an option with including diamonds or not.

Tina Maze is the Ambassador for the Alpina Comtesse watch collection. Tina is a double Olympic ski champion in Sochi and like Alpina, strives for an alpine lifestyle and elegance.

The Comtesse watch comes in a stunning two-tone version that features a gorgeous bezel with 48 diamonds that are set on a gold plated bezel in addition to a mother of pearl dial with 6 diamonds. The yellow PVD bezel version of the lady's watch showcases 6 diamonds on the mother of pearl dial. Both luxury watch versions offer a stainless steel metal bracelet plus a yellow PVD central link.

The Comtesse in stainless steel surrounds an AL-525 automatic mechanical movement that includes 26 jewels. The fine watch has a power reserve of 38 hours plus is water-resistant up to 5ATM (50m, 150ft).
